

## Digital Active Outdoor DVB-T Antenna ANT 15

The strong DVB-T antenna for external mounting: Active high-end outdoor antenna with built-in UHF/VHF filter and low-noise amplifier for better reception.

- Built in UHF/VHF filter for better reception
- Compatible with all DVB-T receivers supporting active antenna output (5V)
- Quick & Easy installation – Plug & play
- Water-proof housing and connection
- Built-in Low Noise Amplifier technology
- Wall-mount or pole-mounted application

### Technical Data:

Frequency range: VHF 47-230MHz, UHF 470-870 MHz

Gain: 21dB+/- 3dB

RF Output Impedance: 75 Ohm

Power Supply: 5V/ 40mA via RF port of the DVB-T Receiver or 9V DC/100mA via External 230V AC to DC adaptor
